

The "Original" Curved Calving Pen

Box S®

Take a look at this unique product that is very functional for the cattle producer.

★ **The original circular designed pen is SAFE and STRONG**

★ **No corners to get backed into**

★ **Never get into the pen with the cow until she is caught in the headgate**

★ **Time tested and produced by Box S® Fence since 2000**

USE THIS PEN FOR A VARIETY OF APPLICATIONS

• **CALVING PEN**

The original curved calving pen has absolutely excellent features. You never have to get in the pen with the cow until the cow is confined. It is adaptable and versatile with split sides that have both right and left side accessibility for Nursing and Cesarean situations. The rear 8 foot gate opens fully for accessibility when pulling a calf is necessary.

• **MATERNITY CENTER/ MAINTENANCE PEN**

Work your cows and calves in this strong and efficient unit. Other uses include AI, Ultrasound, and Veterinary treatment. You will appreciate its versatility.

• **HEADGATE**

The unit comes with an optional Box S® Self-Catch Headgate.

• **DIMENSIONS:**

9' x 12' with 2 rounded sides. Frame is 6'8" tall.
